February 25, 2004

Susan Fitzpatrick, General Manager  
Galaxy Towers Condominium  
7000 Blvd. East  
Guttenberg, New Jersey 07093

Dear Susan:

I am writing to you to address the disinformation being circulated to some of the residents in the Galaxy Towers. As you know, there have been allegations of construction being performed on the premises of the Galaxy without permits or inspections.

After conversations with our Construction Code Official, I can report that the construction projects presently in progress have the proper permits and necessary inspections are being performed.

It seems that cooperation between the Buildings Department and Management of the Galaxy Tower Condominium Association has been misconstrued as special treatment. Our goal is to provide services that help foster safe, quality and timely construction projects, which is of benefit to us all.

We will continue to work with you and your staff, as we do with all of our constituents, to help provide the best product possible for the residents of Guttenberg. Please feel free to call upon me if I could be of any further assistance.

Very truly yours,

  
Mayor David Della Donna
