Subject: Galaxy Towers Condominium, Guttenberg, Investigation Report

Dear Mr. Maher: Confirming my telephone request of the morning, please send me at your earliest opportunity the report you made following your investigation (and follow up investigation) of allegations made by Michael DeLuca, a unit owner at the Galaxy, that work had been carried out at this condominium without permits and inspections required by law and that the Association's General Manager was related to (or had an improper relationship with) the municipality's Construction Official. Thank you. Robert Buckalew, attorney for The Galaxy Towers Condominium Association
